## 5) Navigating the Course

- As you move along, you'll see a checkmark next to the completed lecture and your course progress percentage will increase. Incomplete lectures are denoted with an empty or a partially filled-in circle. Completed lectures are denoted with a checkmark. You can view individual lecture progress and course progress in the course sidebar.

- It's important to note a few things as you mark your progress through a course:
  - Lectures will only be marked as complete if the **Complete and continue** button is clicked. If you navigate through the course by selecting individual lectures in the course sidebar, then the lectures will not be marked as complete.
  - Course progress cannot be reset, but you can still access lectures even if they are marked as complete. To do so, click on the individual lecture in the course sidebar.
  - If you want to reset your course progress, you can contact your school owner, Moyars Consulting at [soo@moyars.com](mailto:soo@moyars.com) and request that your existing account is deleted and then manually add/enroll you back in the course. This effectively "resets" your course progress.

## 6) Completing the course

- **Certificate of Completion:** Upon course completion, your Certificate of Completion will show with the date completed and Training Provider number. You can download this certificate for your record. You will also receive an email to access the certificate.
